

Name _____

Date _____

Write the four facts

Use the three numbers to write two adds and two takeaways.

The big number goes on its own side of the equals sign.

1.

15	
5	10

$$\square + \square = \square$$
$$\square + \square = \square$$
$$\square - \square = \square$$
$$\square - \square = \square$$

2.

14	
6	8

$$\square + \square = \square$$
$$\square + \square = \square$$
$$\square - \square = \square$$
$$\square - \square = \square$$

3.

17	
2	15

$$\square + \square = \square$$
$$\square + \square = \square$$
$$\square - \square = \square$$
$$\square - \square = \square$$

4.

18	
8	10

$$\square + \square = \square$$
$$\square + \square = \square$$
$$\square - \square = \square$$
$$\square - \square = \square$$
