

Name _____

Date _____

Write the four facts

Use the three numbers to write two adds and two takeaways.

The big number goes on its own side of the equals sign.

1.

16	
5	11

$$\square + \square = \square$$
$$\square + \square = \square$$
$$\square - \square = \square$$
$$\square - \square = \square$$

2.

12	
2	10

$$\square + \square = \square$$
$$\square + \square = \square$$
$$\square - \square = \square$$
$$\square - \square = \square$$

3.

14	
3	11

$$\square + \square = \square$$
$$\square + \square = \square$$
$$\square - \square = \square$$
$$\square - \square = \square$$

4.

18	
7	11

$$\square + \square = \square$$
$$\square + \square = \square$$
$$\square - \square = \square$$
$$\square - \square = \square$$
