

Name _____

Date _____

The five senses

You learn about the world with five senses.

**See**

with my eyes

**Hear**

with my ears

**Smell**

with my nose

**Taste**

with my tongue

**Touch**

with my hands

Your senses work together all day long.
Eating an apple uses taste, smell, touch and sound.
Close your eyes. Can you still hear the room?
Hold your nose. Does your food taste the same?
