

Name _____

Date _____

Months of the year

There are twelve months in a year.

They always come in the same order.

January 1	February 2	March 3	April 4	May 5	June 6
July 7	August 8	September 9	October 10	November 11	December 12

A year starts in January and ends in December.

the month after March

April

the month before October

September

1. Read what the row asks for.
2. Find that month in the year above.
3. Circle it, write it, or number it in order.
4. Say the twelve months out loud from the top.
