

Name _____

Date _____

Take them away

The crossed out ones are gone. Count what is left.

1. There are 5 bananas. Tom eats 2 bananas.

How many bananas are left?

$$5 - 2 = \boxed{}$$

2. 6 pizzas are ready. Dad takes 1 pizza.

How many pizzas are left?

$$6 - 1 = \boxed{}$$

3. 4 penguins stand. 3 penguins swim away.

How many penguins are left?

$$4 - 3 = \boxed{}$$

4. Nina has 7 oranges. She eats 3 oranges.

How many oranges are left?

$$7 - 3 = \boxed{}$$
