

Name _____

Date _____

Make ten to add

Break the second number so the first one reaches 10.

1.

$9 + 8$

split the 8

>

$9 + \square = 10 > 10 + \square = \square$

2.

$8 + 6$

split the 6

>

$8 + \square = 10 > 10 + \square = \square$

3.

$7 + 9$

split the 9

>

$7 + \square = 10 > 10 + \square = \square$

4.

$5 + 8$

split the 8

>

$5 + \square = 10 > 10 + \square = \square$
