

Name _____

Date _____

Think addition

What do you add to the small number to get the big one?

1.

$$18 - 9$$

turn it around

>

$$9 + \square = 18 > 18 - 9 = \square$$

2.

$$14 - 6$$

turn it around

>

$$6 + \square = 14 > 14 - 6 = \square$$

3.

$$16 - 10$$

turn it around

>

$$10 + \square = 16 > 16 - 10 = \square$$

4.

$$12 - 5$$

turn it around

>

$$5 + \square = 12 > 12 - 5 = \square$$
