## Vowel teams

Two letters, standing together, saying one long sound.

### long a

ai hides inside a word. ay waves from the end.

**ai****rain tail nail****ay****day play say**

### long e

ee and ea sound the same. This one you learn by looking.

**ee****feet tree green****ea****leaf seat read**

### long o

oa hides inside a word. ow waves from the end.

**oa****boat coat road****ow****snow slow grow**

Two vowels walking together make one long sound.  
ai and oa hide inside a word. ay and ow sit at the end.  
ee and ea have no rule. Those words are learned by sight.  
rayn and plai are the usual mistakes. Neither is a real word.  
Read the sentence aloud. Your ear will tell you the word.
