How to use

You need crayons: red, orange, yellow, green and brown.

Name the 8 pictures together before you start.

Read each direction once, at a normal pace. Then let the child do it.

Only repeat if needed, and make a note when you do.

Start at page 1. Move on when the child gets most directions right.

If the child often seems not to hear, check hearing first.

This is practice, not a test, and it cannot diagnose a language problem.
